

Paulette Toumazos

First Vice President

Paulette Toumazos, who joined DAUM Commercial in 1999, has over 20 years of commercial real estate experience – leasing, sales and property management – in the Southern California region.

While exclusive landlord representation has been her forte for most of her career, Paulette has also excelled in select tenant representation and has become a specialist over the past eight years in assisting financial institutions with site selection requirements in a variety of California markets. Her strong organizational skills, a focused and individualized approach to each leasing assignment together with an excellent relationship with the brokerage community at large have helped contribute to her success. Benefiting her leasing activities is a hands-on background in property management which complements her team approach to marketing a project for the landlord and adds another layer of expertise as she guides tenants through the leasing process.

Paulette has also been involved in the acquisition and disposition of commercial properties, large and small, on behalf of both individual and institutional clients. The clear, analytical attitude she brings to such assignments assures results which meet the particular goals of each client.

A third generation Californian, Paulette attended Pierce College and California State University at Northridge. She is an active member of Commercial Real Estate Women – Los Angeles and the national NNCREW organization as well as being a former member of the Board of Directors of the Building Owners and Managers Association of Greater Los Angeles.
